Report Card: How Results Are Determined

Term 1 20% of the Final Mark

Term 2 20% of the Final Mark

For Terms 1 and 2, the teacher enters a percentage mark that reflects the knowledge and competencies that a student has acquired during the term (tests, assignments, projects, etc.).

In the case of English Language Arts, Mathematics and French, Second Language, a Subject Mark is calculated on the basis of the weightings assigned to the subject-specific competencies established by MEQ (see subject table on the first page).

MEQ = Ministère de l'Éducation du Québec

Term 3 60% of the Final Mark

For the 3rd Term, the teacher enters a percentage mark that covers the student's learning for the term and where applicable, for the year as a whole, including any compulsory Board or MEQ exams.

Final Mark

*It is calculated using the results of the three weighted terms (20%, 20%, 60%) and the MEQ exam results (if applicable). *The MEQ exam counts for 20% of the Final Mark in grade 6 English Language Arts and Mathematics.*
